

"Fifty years ago, when Golden Wedding Whiskey was young."

TWO old friends with a bottle of pure, mellow, time-tested

Golden Wedding

Bottled in Bond WHISKEY

between them is the picture of contentment and good fellowship, which on bill-board and poster all over the land, is helping to make the finest distillation in the world, more and more famous.

Distilled according to a special formula, and matured in the wood under strict government supervision, choice, old, quality-proved Golden Wedding meets a want that no other whiskey has yet satisfied.

The pride of the home—the kind you like to give your guests, because it is

"Made Differently."

TAOS COUNTY SETS RECORD WITH TWENTY TWO NEW SCHOOLS

Santa Fe, N. M., April 16.—Twenty-two new schools have been built in Taos county in the past two years; there are now 2,998 pupils taught by 54 well equipped teachers, and the county is to have a splendid institute in June, according to County School Superintendent Jose Montaner, also publisher of the Taos Valley News, who is in the city laying in forms and blanks and other school supplies. Mr. Montaner is visiting Santa Fe School Superintendent and Mrs. John V. Conway, and leaves this evening with Mr. Conway to inspect the Santa Fe county rural schools. Mr. Montaner also conferred today with the state education department officials about the institute work. Prof. Martin of the Spanish-American Normal school is to conduct the institute with Miss Hancock as instructor.

Hugh Williams Takes Bride in New York

Member of State Corporation Commission Reported to Have Been Married Today to Mrs. Florrie Speak.

(Special Dispatch to Evening Herald.) Santa Fe, N. M., April 17.—The New Mexican this afternoon gives credit to a rumor from the office of the state corporation commission, Commissioner Hugh H. Williams, who has been in Washington attending the hearing of the New Mexico rate cases before the interstate commerce commission, was married in New York this morning to Mrs. Florrie Speak of Brooklyn. B. F. Sogerson, state expert of the commission, attended as best man. The rumor states that Mr. Williams and his bride are to return to New Mexico via New Orleans.

SANTA FE HAS BRIEF BLIZZARD THIS MORNING

[By Lensed Wire to Evening Herald.] Santa Fe, N. M., April 17.—Santa Fe for an hour this morning was in the grasp of a genuine midwinter blizzard. Snow fell so thickly that it was impossible to see across the street and a high wind prevailed. Two inches of snow fell in an hour. This afternoon the skies are clear, the sun is shining, the birds are singing and the grass is said to be growing as usual.

HANDSOME NEW HOTEL FOR SILVER CITY SOON

Silver City, N. M., April 16.—The plans are now being drawn for a new hotel, to cost \$50,000, which will be built with capital furnished by Abe Abraham and Hyman Abraham of Clifton, Ariz. The new hotel building will occupy what is known as the Centennial site and will front on three streets. It will be constructed of brick and be equipped with every modern convenience.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair. That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundred-fold. Don't bother to prepare the tincture; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair. Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

TODAY'S LIVE NEWS OF SUNSHINE STATE
BIG LIVE STOCK DEALS CLOSED THIS WEEK
MONDAY FINALLY LANDS IN JAIL FOR TWO YEARS

Grant County Men Sell Nineteen Hundred Head of Angoras, Five Thousand Cattle Change Hands at Cutter.

Silver City, April 16.—Seven double-decked carloads of Angora goats purchased from W. A. Heather, whose ranches lie north of town, and John Clark on the Gila, a total of over 1,900 head, have been shipped from Silver City to Relie, Mo. The animals are wethers which will be fattened on brush land in the vicinity of Relie and then shipped to the Kansas City market. The work of clearing the land, which the goats will do effectively, will return the purchasers their money and they will have the value of the mutton as a profit. The purchasers were L. L. Freeman and J. H. Pillman. They expect to return again to this district for further purchases. An outlet for surplus stock of Angoras has never been fully established, but it seems sure that once the value of the meat is understood in the east the demand will be sufficiently great to make regular shipments for slaughtering purposes possible to the establishment of a regular market.

BIG CATTLE DEAL IS CLOSED AT CUTTER

Cutter, N. M., April 16.—One of the largest livestock deals in this part of the state in some months is that whereby L. W. Parker is understood to have sold his entire herd of cattle to California parties. Delivery is to be made in May and June. Between 3,000 and 5,000 head of stock are embraced in the deal. The price paid is known to have been very large.

J. L. Hurt, of the Hurt Cattle company, is here visiting his Detroit and Alameda ranches. He has started the annual yearling steers and expects to deliver them in May, shipment to be made from Engle. The price paid is said to have been \$25 per head. C. J. Graham has just received another shipment of cotton seed cake, which he is feeding his cows. He reports his losses light so far, but stock on the range is now poor and weak, owing to a lack of grass. The Gilmore Blackshire company has shipped in a car of cotton seed cake to feed their cattle while the range is in poor condition.

POULTRY RAISING PAYS REAL MONEY IN THE PORTALES VALLEY

Portales, N. M., April 16.—That poultry raising in the Portales valley pays, has been demonstrated by the results obtained by Rev. G. W. Stroud, who owns a fine 50-acre tract of land in the Arch community on which he raises poultry, fruit, and vegetables, and finds time to preach also. Rev. Mr. Stroud reports that from an investment of \$17 in chickens he realized \$100, not to mention the chickens and eggs which were consumed by the family. Feed which he fed his chickens netted him \$1.60 per 100 pounds, when he could have realized by 75 cents for it on the market. By careful attention the preacher-farmer has never been bothered with any disease or pests among his chickens, and he believes that poultry will pay the biggest returns on the investment of any business in the Portales valley.

Implements—J. Korber & Co.—Wagons.

Kansas last year produced 5,000,000 bushels of potatoes, valued at \$2,500,000.

Kansas Swindler Who Operated on Catron Land Grant in New Mexico Refused a New Trial and Sentenced.

ATTORNEY MAKES SERIOUS CHARGE

People all over the United States, and in New Mexico, especially in San Miguel county and in Roosevelt county, where they operated extensively, will be interested in the news from Topeka that Don W. MounDay and his wife, L. W. MounDay, who operated under the name of the American Sugar Refining company, and put food hopes in the breasts of many an innocent farmer, while quietly prospecting in his pockets, have been denied a new trial in United States court at Topeka, Kansas, and sentenced, MounDay to two years in prison and a fine of \$1,000, and his wife to a \$300 fine. The Topeka Journal says of the final chapter in this sensational case:

Judge John C. Pollock today denied a new trial in the MounDay case, sentenced MounDay to two years in federal prison and fined him \$1,000 and costs, and fined Mrs. L. D. W. MounDay \$300 and costs. Costs will amount to between \$5,000 and \$10,000. A stay of execution was granted but attorneys for the defendants stated that they had for some time determined whether they would appeal.

MounDay and his wife were convicted in the federal court in December on all of nine counts charging misuse of the mails in furtherance of a scheme to defraud. A tenth count against the defendants was dismissed by the government. The charge of fraud was based upon the action of clearance receipts to land in New Mexico upon which the defendants represented they would build a sugar refinery. They led purchasers to believe that they would be in a position to give clearance to the land at a future "opening day," when everyone would get a deed to their land. Irrigation projects and claims of water rights were also represented by the defendants in their sale of this land. Following the conviction of the two defendants, Judge Pollock said that had been filed. The court today overruled all of these motions, including motions for discharge and for arrest of judgment. Then MounDay and his wife were asked to stand up and be sentenced. MounDay asked the court if he might be permitted to sit down, stating that it was impossible for him to stand. The court granted his request. Mrs. MounDay, her cheeks colorless and looking more tired and worn than at any time since the raid of the land company office, remained standing.

"Have you any reason why judgment should not be passed upon you?" asked Judge Pollock, looking first at MounDay and then at his wife. MounDay did not move. Mrs. MounDay moistened her lips and started forward as if to speak. Before she could say anything, Harry J. Bone, of defendants' counsel, asked the indulgence of the court and pleaded for mercy for Mrs. MounDay.

"There are some strong and mitigating circumstances in this case," said Bone, who briefly reviewed the case. He told of the raid of the office of the American Sugar Manufacturing and Refining company, which had been promoted by the MounDays. He declared that this interference on the part of the government had drained the defendants' business. Then he asserted that Senator Thomas H. Catron of New Mexico, owner of the land which the MounDays sold, was equally guilty with the defendants and should himself be punished. "Catron's agreement with these people made the defendants not entirely responsible in the trouble," said Bone. "Catron himself is equally guilty with them and should himself have been punished. And I urge that any penalty in this case be imposed upon Mr. MounDay. This court to my knowledge has never imposed a severe penalty on a woman. In view of the facts and circumstances and the statement of some of the best people in Topeka, who speak of her in the highest terms, the penalty for Mrs. MounDay should not exceed a fine."

Brief story of the case. MounDay and his wife were president and secretary respectively of the American Sugar Manufacturing and Refining company, a New Mexico corporation. Their first troubles came nearly a year ago when they encountered difficulties in securing a permit from the "blue sky" department of the bank commissioner's office. Then the state began ouster suits against the company. Evidence secured in these investigations was turned over to the government and the offices of the sugar company were raided in July, 1913. Both MounDay and his wife were arrested for misuse of the mails in furtherance of a scheme to defraud. They were held to the federal grand jury, which returned a true bill indicting them on ten counts each. Following the trial of the case in Kansas City, the government dismissed as to the tenth count and the defendants were found guilty on the remaining nine counts. Motions for a new trial were today overruled.

In the trial of the case the government established the fact that the defendants did not hold title to land which they sought to convey, that their proposed irrigation projects were hopeless dreams, that the sugar

Successful Men

—are not "guzzlers" by any means; yet the vast majority do not permit their bodies to become *under-stimulated*. With mighty few exceptions, they take a small "nip" once or twice a day and *know* that it does them *good*. The "reform" advocate who tries to tell *these men* that whisky is "the demon that is eating into their health" are almost certain to be laughed at.

Men, such as we have referred to above, need no argument as to the *advantage* of taking an occasional drink; what we ask of them is to try *our* whisky. For 133 years we've been making it the same way. We believe it's as good as whisky can be made. Remember, *its pure*. And, pure whisky is *strong*. But, it's *best* for you. One drink of

James E. Pepper

The National Whisky—"Born with the Republic"

is all you need at one time. Some other "weak" whiskies can be taken more freely. That's the engaging sin of the liquor industry—the taking of many drinks in one place at one time.

NIGHT RAIDERS IN LOS GRIEGOS IS HER CHARGE

Fences Broken and Crops Destroyed in Dispute Over Land Says Rogasiana Gutierrez de Samora.

Night raiders have been abroad in Los Griegos, according to a complaint filed in the district court by Rogasiana Gutierrez de Samora. Her title to a portion of the Los Griegos strip, that part of the Griegos grant running from the foothills to the volcanoes, has been attacked, the complainant says, and she alleges that enemies have raided the place at night, breaking her fences and destroying her alfalfa crop.

She names Luciano Griego and Benedicta Garcia de Griego as defendants in an action brought to establish her title to the property. She maintains that she and her predecessors have had possession of the land for more than thirty years. She asks the court to confirm her title and bar the defendants from any claim by right or title in the property.

EAT LESS MEAT IF BACK HURTS
Take a Glass of Salts to Finish Kidneys If Bladder Bothers You. Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or a bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
